Dreer's Quarterly Wholesale Price List.

July=August, 1897.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle, enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. On account of the possibility of a duty being placed on Bulbs and Roots by the present Congress, all prices quoted in this list are subject to the present tariff being in force at time of delivery. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of such reductions. You therefore run no risk by placing your order **now**.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Vegetable, Agricultural or Flower seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

The new ranges of glass erected in 1895 and 1896, covering 53,000 square feet each, (two of the houses being nearly one acre each under one roof) are certain to interest anyone having anything to do with a greenhouse. This, we believe, illustrates in a practical way, that we believe in home-grown plants.

Our Palm cultures are now undoubtedly the largest and most complete in the country.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS AND BULBS.—We are shipping by express lines to all parts of the country, plants packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** on Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.

TERMS OF BUSINESS.— Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order.

Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

CHANGE OF TERMS.—In order to equalize and to give the same time of credit on all purchases, we have decided to abolish our old system of credits in which all accounts, regardless of date of purchase, were due in January and July, and have decided to adopt a new system, as follows:

All bills will be due and payable Ninety (90) days after date of invoice. No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices. In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

Pot-Grown

STRAWBERRY PLANTS.

General List of

Select Tested Varieties.

HAVERLAND.

Our pot-grown Strawberry plants are ready for shipment about the middle of July, and can be supplied as late as October in such varieties as are unsold at that time. It is better, however, to procure the plants in August or September, as earlier plantings will develop larger and more vigorous plants and produce a greater crop of fruit next year.

Bederwood.—A new and exceedingly valuable early Strawberry. Berries of large size, of regular roundish form, light scarlet, of excellent quality, remaining in fruit a long time. \$2.50 per 100; \$20.00 per 1000.

Brandywine.—The finest of all late varieties. It is a strong vigorous grower with heavy foliage and perfect flowers; the berries are of immense size, color rich red. \$2.50 per 100; \$20.00 per 1000.

Bubach (P.)—Strong, healthy, vigorous plant, that will thrive well on almost every soil. Very productive of large berries that ripen early. \$2.50 per 100; \$20.00 per 1000.

Charles Downing.—Medium to large, conical, bright crimson, moderately firm, juicy and of superb flavor. One of the best for home use. \$2.50 per 100; \$20.00 per 1000.

Crawford.—Named after the well-known strawberry specialist, M. Crawford. A good grower and bearer, has a perfect blossom and produces an abundance of very fine fruit. The berries are large, conical, dark red, glossy, firm, and very good. \$3.00 per 100; \$25.00 per 1000.

Enhance.—A vigorous and healthy grower, with dark green foliage; develops massive crowns; flower perfect; one of the most prolific in pollen; berries largest size, bright crimson color. \$2.50 per 100; \$20.00 per 1000.

Gandy.—A strong, healthy plant, that makes but few runners. Perfect blossom; moderately productive of large, perfectly formed berries; ripens very late. \$2.50 per 100; \$20.00 per 1000.

Gov. Hoard.—Originated in Wisconsin, an excellent sort, ripening early and continuing in bearing for a longer period than most sorts. \$2.50 per 100; \$20.00 per 1000.

Greenville (P.)—Berries of large size, very productive, regular in form, of a rich bright color, firm texture and of excellent quality. \$2.50 per 100; \$20.00 per 1000.

Haverland (P.)—Enormously productive of medium to large, long conical berries of pale scarlet color; extremely early, prolific and showy. \$2.50 per 100; \$20.00 per 1000.

Lady Thompson.—A new variety that has been recommended very highly. It is a perfect flowering plant of great vigor. Berries roundish conical, bright scarlet, medium to large size, firm, of very good quality. \$2.50 per 100; \$20.00 per 1000.

Marshall.—Berries of very large size; fourteen filling a basket. Color, very dark crimson throughout; fine flavor and a good keeper. \$2.50 per 100; \$20.00 per 1000.

Mary.—One of the very early varieties, of strong vigorous growth, attractive in color and a prolific bearer, will no doubt become popular on account of its large size and fine color. \$3.00 per 100; \$25.00 per 1000.

May King.—A healthy plant; free runner, and moderately productive of bright scarlet berries; fine quality, one of the earliest to ripen. \$2.50 per 100; \$20.00 per 1000.

Michell's Early.—A very strong growing, extra early variety; moderately productive; quality good; very attractive in color. \$2.50 per 100; \$20.00 per 1000.

Parker Earle.—A most excellent variety. Plant very robust and suited almost to any soil, and will endure hot dry weather better than any other variety. Berries are of large size, regular and uniform, and of a rich color. \$2.50 per 100; \$20.00 per 1000.

Rio.—A recent introduction that has been very highly recommended. It is of a rich glossy color, medium size, and is very prolific. \$2.50 per 100; \$20.00 per 1000.

Saunders.—Berries of largest size, conical, slightly flattened, deep red and very glossy, of good quality and very productive. \$2.50 per 100; \$20.00 per 1000.

Sharpless.—Very large, clear red; firm, sweet, and of good quality; somewhat irregular; a rapid and vigorous grower. \$2.50 per 100; \$20.00 per 1000.

Tennessee.—Perfect flowering, vigorous, stocky plant. Very productive of medium to bright scarlet berries of fine quality; ripens early. \$2.50 per 100; \$20.00 per 1000.

Timbrell.—One of the most valuable of all new varieties. Berries large to very large, dark crimson, and very firm. \$2.50 per 100; \$20.00 per 1000.

Warfield (P.)—A very fine berry in every way, season medium to late, a most prolific bearer and of superb quality. \$2.50 per 100; \$20.00 per 1000.

Woolverton.—Another large berry of Canadian origin. It is a strong grower, lasting over a long season. In fact it always matures part of its crop before it is done flowering. It is a fine large berry of attractive appearance and good quality. \$3.00 per 100; \$25.00 per 1000.

NOVELTIES IN STRAWBERRIES.

I. X. L. (P.)—Seedling raised at Pensauken, N. J. Fruit very large, of fine flavor and brilliant color, making it one of the most saleable market berries. 50 cts. per dozen; \$4.00 per 100.

Crescent Improved (P.)—The old Crescent is so well known, that when we say this variety is a decided improvement on it, further description is unnecessary. 50 cts. per doz.; \$4.00 per 100.

Gandy Belle.—An extra choice sort, bearing good crops of large, dark red glossy berries of exquisite flavor. A fine market sort. 50 cts. per doz.; \$4.00 per 100.

Glen Mary.—The largest of all large berries, and might well be named "the berry grower's money maker." A very strong grower; will stand drouth well and always bearing a full crop. Ripens from mid-season to late. 50 cts. per doz.; \$4.00 per 100.

Four Seasons (Fraise des Quatre Saisons.)—This is the variety which American tourists in Europe enjoy so much, fruiting during July, August and September, and well worth an extended trial in this country. There are two varieties, red and white fruiting. Can furnish strong pot-grown plants of either. 35 cts. per doz.; \$2.50 per 100.

CELERY PLANTS.

Celery plants can be supplied from June 15th to August 25th. We grow the following varieties, which we offer at the uniform price of

30 cents per 100.

\$2.50 per 1000.

Celery requires a moist, rich soil, and will not thrive in poor soil and dry situations. After the plants have attained a height of 5 or 6 inches they should be set out in rows three feet apart and six inches in the row. When twelve to fifteen inches high, the soil should be loosened by the use of the plow or hoe and the plants be "handled." This operation consists of drawing the stems upright with one hand, and pressing the soil firmly against the plant with the other; by this process the plants grow upright and can be easily cultivated and blanched by drawing the soil close up to the plant. Celery should receive thorough cultivation if good results are desired. To store for winter use, select well drained ground, dig trenches 1 foot wide and deep enough to cover the tops of the plants. Pack the stalks in this in an upright position, covering with boards to shed the water, and in severe weather protect with straw or leaves.

White Plume.

This is a very ornamental variety, while its qualities are equal to the best, being crisp, solid, and having that nutty flavor peculiar to some of the red kinds.

Golden Self-Blanching.

An early, beautiful and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden yellow, with light yellowish green outer leaves. Of dwarf, compact habit, rich nutty flavor, and an excellent sort for table decoration.

Giant Pascal. A superior keeping sort. The stalks are very large, thick, solid, crisp, and of a rich nutty flavor, free from any trace of bitterness; it blanches very easily and quickly, and retains its freshness a long time after being marketed. The heart is golden yellow, very full and attractive in appearance.

Perfection Heartwell. A large, solid growing variety of excellent flavor and creamy white color. In size it is between the Golden Heart and White Solid. It is an excellent market sort, as the stalks are clear and attractive in color.

Selected Golden Heart. A standard variety of great merit. In size it is the same as the half dwarf kinds; the heart is large, full and of a fine golden yellow color.

Boston Market. An excellent half dwarf sort of vigorous and bushy habit, producing many side shoots. Blanches perfectly white, is very sweet, crisp, and of excellent flavor.

New Rose. In this variety, we have a combination of the best qualities of Celery. The red sorts surpass the white in flavor, and possess in their coloring a valuable feature as a table decoration.

CABBAGE PLANTS.

NOW READY.

Lupton. A new winter variety of fine quality, a good keeper.
25 cts. per 100; \$2.00 per 1000.

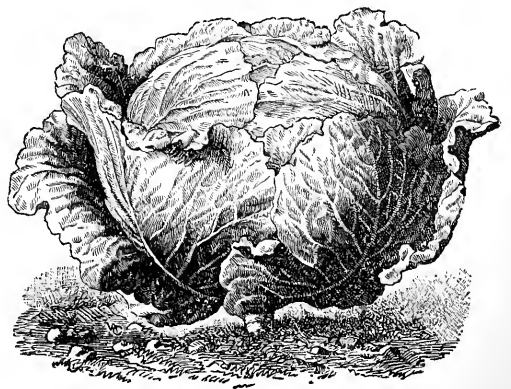

Late Flat Dutch. Grown from our select late Flat Dutch seed.

Large Drumhead. A favorite variety with market gardeners.

Perfection Drumhead Savoy. The largest solid heading sort among the Savoy.

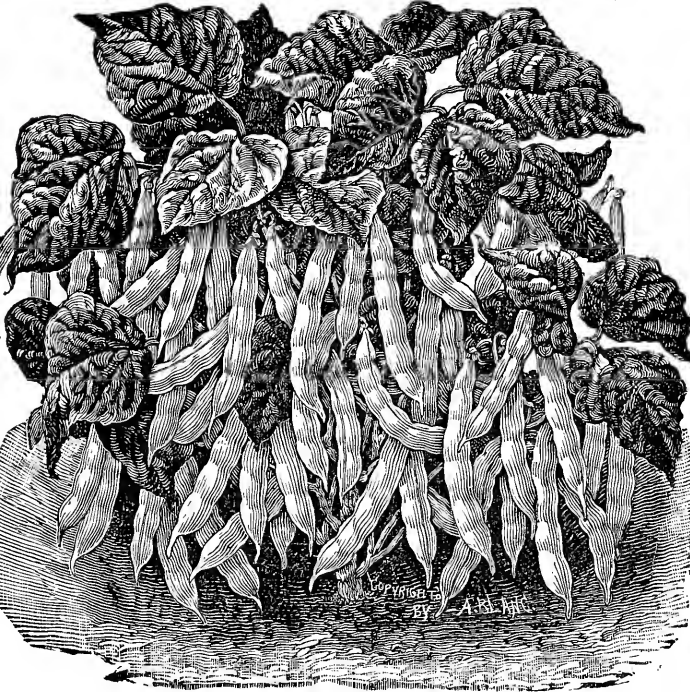

Red Dutch Drumhead. The largest and best for pickling.

Price. Any of the above, (except where noted,) 20 cts. per 100;
\$1.50 per 1000.

VEGETABLE SEEDS FOR SUMMER SOWING.

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months a constant supply of fresh vegetables may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to price for postage. We pay postage on small seeds by the packet, ounce or quarter pound.

Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country.

Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

Selected First Size NAMED HYACINTHS.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

LILIUM KRAMERI.

Plants for Florists.

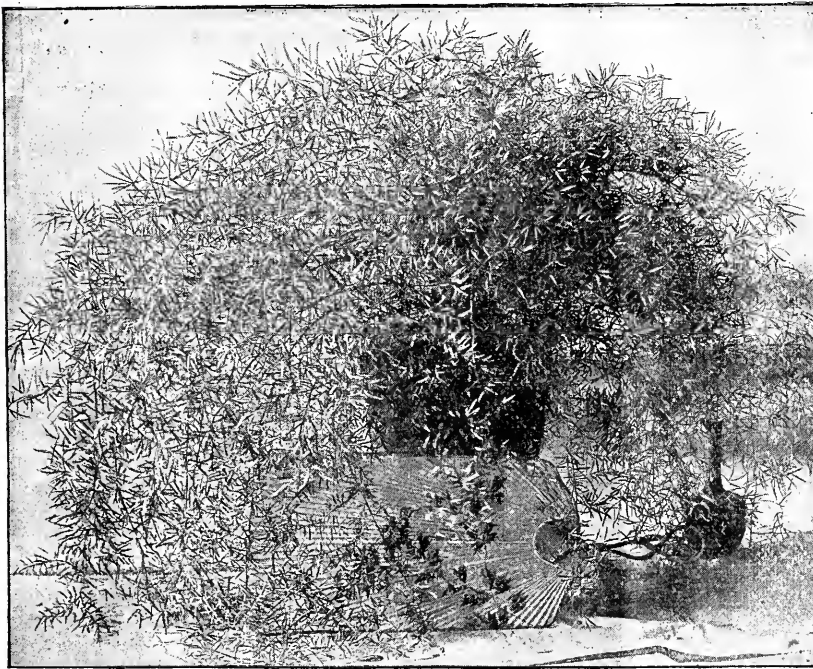

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen. We have again this season considerably increased our facilities for the handling of Aquatic Plants, and our Water Lily Garden is now the largest and most complete in the world. This alone is well worth a visit from the most distant points. Aquatics are at their best from early July until late September. The collection not only includes large lots of the most popular sorts, but all the latest introductions and many new sorts of which we possess the entire stock, and which have not yet been disseminated; the different varieties of Victorias luxuriate here, and from present indications feel safe in saying that one or more sorts will be found in flower any day during the season.

During the summer of 1896 we extended our plant by the addition of 53,000 square feet of glass, similar to that erected during the previous summer. This gives us the most extensive range of glass (nearly 5 acres), for the growing of the specialties we handle, in the country.

A time card, with directions how to reach the Nurseries, will be mailed on application.

ASPARAGUS SPRENGERI.

Asparagus Sprengeri.

When introduced, at a high price, a little over a year ago, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as for example in the decoration of mantles, nothing can equal it.

We offer but a very limited stock in 2 inch pots. \$1.25 per dozen; \$10.00 per 100.

Asparagus Plumosus Nanus.

A grand variety for cutting either in strings or in smaller pieces. We offer a fine lot of thrifty young plants in 2 inch pots.

\$1.00 per dozen; \$8.00 per 100; \$70.00 per 1000.

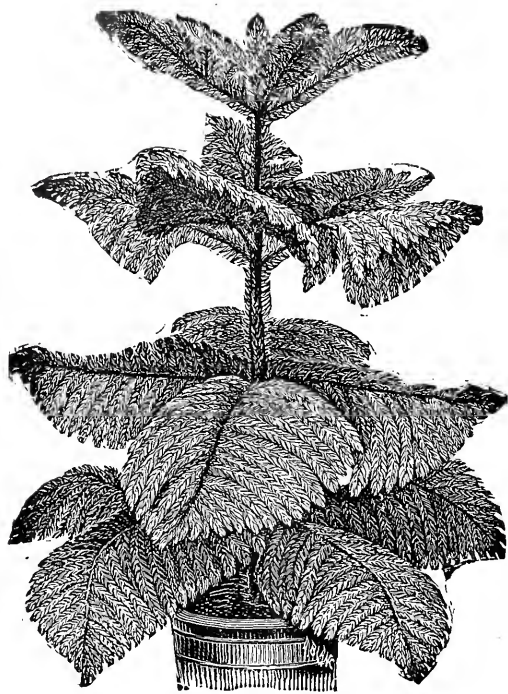

Aspidistra Lurida.

(Green Leaved.)

Strong plants in 4 inch pots, \$3.00 per dozen.

ASPARAGUS PLUMOSUS NANUS.

ARAUCARIA.

Araucaria Excelsa.

Norfolk Island Pine.

We have an unusually large stock of fine plants of this beautiful decorative plant, especially of the small and medium sizes, for which the demand is always certain.

4 in. pots,	6 to 8 inches high,	2 to 3 tiers,	\$0 60 each.

7 " " 18 to 20 inches high, 4 tiers, \$2.50 each.

Aralia Sieboldii.

Green Leaved.

A most excellent house plant, having large, deeply cut foliage, which is of a bright, cheerful green color.

3 inch pots, \$1.25 per dozen ; \$10.00 per 100.

Aralia Sieboldii Variegata.

A pretty variegated form of the above. Good 4 inch pot plants, 35 cents each ; \$3.50 per dozen.

Aralia Chaubrieri.

An elegant plant for table decorations, with fern-like dark green leaves, brightened by crimson midribs ; strong plants in 5 inch pots, \$1.00 each.

Ardisia Crispa.

Similar to Ardisia Crenulata in every way, except that the fruit is much larger and of a darker, richer color.

3 inch pots, \$1.25 per dozen ; \$10.00 per 100.

4 " " a fine lot of fruiting plants, \$4.00 per dozen ; \$30.00 per 100.

Amaryllis.

A list of the varieties we handle will be found on page 17.

ALLAMANDA WILLIAMSII.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are from $3\frac{1}{2}$ to $4\frac{1}{2}$ inches in diameter, of a very rich yet delicate tint of yellow, and are deliciously scented. See cut. 3 inch pots, 15 cts. each ; \$1.50 per dozen.

Import Orders for Azaleas.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant, will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas ; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots which are made up in Belgium, and are distributed on this side just as received, frequently not only containing damaged plants. but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. We give personal attention to the selection of these stocks abroad, and can guarantee satisfaction. We offer well budded plants with bushy crowns.

Our prices are as low as first-class, bushy, well budded stock can be supplied for, and we are certain that they will give entire satisfaction.

Fine bushy crowns, well set, with buds, 10 to 12 ins. in diameter, \$35.00 per 100.

Fine bushy crowns, well set, with buds, 13 to 15 ins. in diameter, \$60.00 per 100.

Specimen plants 18 to 20 inches in diameter, \$30.00 per dozen.

The above prices are subject to the present tariff being in force at time of delivery.

BEGONIA ALBA PICTA.

Begonia Rex.

A choice assortment of 12 varieties. 3 inch pots, \$1.00 per dozen ; \$8.00 per 100.

Begonias.—Flowering Varieties.

Alba Picta, Metallica, Rubra and Thurstonii.
3 inch pots, \$1.00 per dozen ; \$7.00 per 100.

Bougainvillea Glabra Sanderiana.

A most desirable free flowering form of Bougainvillea glabra, flowering freely even in smallest sized plants.

3 inch pots, 25 cts. each ; \$2.50 per dozen.
5 " " 50 " " 5.00 " "

New Fancy Leaved**Brazilian Caladiums.**

We have a choice collection of the most recent introductions from the celebrated specialist whose collection was so much admired at the World's Fair in 1893.

4 inch pots, 50 cts. each ; \$5.00 per dozen.
5 " " 75 " " 9.00 " "

Camellia Japonica.

We are offering this season the finest lot of Camellias we have ever been able to present. The plants are in grand condition, clean, healthy and perfect in every way.

5 inch pots, bushy, 12 to 15 inches high, in 12 choice assorted varieties, including a liberal proportion of Alba plena, \$6.00 per dozen ; \$45.00 per 100.

Also a fine lot of Alba Plena, 6 inch pots, 24 to 28 inches high, bushy plants, \$12.00 per dozen ; \$90.00 per 100.

Cyperus Alternifolius.

Strong, 3 inch pots, 75 cts. per doz. ; \$6.00 per 100.

Cyperus Alternifolius Gracilis.

A pretty new variety of Cyperus with graceful narrow foliage, entirely distinct, certain to become popular.

2½ in. pots, 50 cts. per doz. ; \$4.00 per 100.

Cyperus Papyrus.

The Egyptian Paper Plant. We have a fine lot in 4 inch pots, 15 cts. each ; \$1.50 per dozen.

CANNA AUSTRIA.

Canna Italia and Austria.

We have a good stock of these new orchid-flowering Cannas, which we can supply at greatly reduced prices.

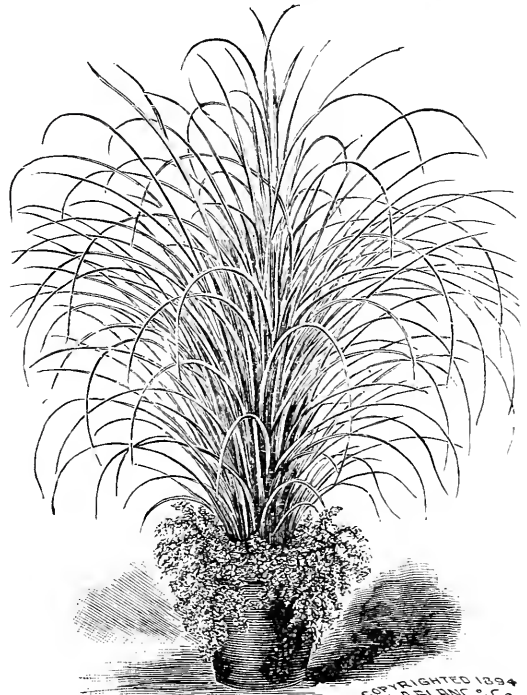

Austria, 20 cts. each ; \$2.00 per doz. ; \$15.00 per 100.
Italia, 30 " " 3.00 " 20.00 "

Crotons.

We offer a selection of 12 choice varieties in 3 inch pots.
\$2.00 per dozen ; \$15.00 per 100.

CYCAS REVOLUTA.

Cycas Revoluta.

(Sago Palm.)

We have a large stock of Cycas in very good condition, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptional good value at 25c., 50c., \$1.00, \$2.00, \$3.00, \$5.00, \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

Dracenas.

Amabilis. A most desirable variety that forms large specimens very quickly.

4 inch pots, 35 cts. each ; \$4.00 per dozen.

Bruanti. A graceful green leaved sort that is not as well known as it deserves to be ; a most useful decorative plant that will stand as much abuse as a Rubber. We have prepared a large stock, and offer

4 inch pots, 10 inches high, 30 cts. each ; \$3.00 per dozen.

5 " " 18 " " 50 " " 5.00 "

Fragrans. We have a fine lot of this useful variety.

3 " " 1.50 " 12.00 "

Marginata. Fine young plants of this good variety.

3 inch pots, 25 cts. each ; \$2.50 per dozen.

Lindenii. Good plants in 4 inch pots, 50 cts. each.

Massangeana. Good plants in 4 inch pots, 50 cts. each.

Sanderiana. A new and entirely distinct species, and one of the finest novelties introduced for years. It has thick textured narrow leaves which are closely set on slender upright stems, variegated with silvery white and green bands alternating and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracenas.

Good young plants, 3 in. pots, 50 cts. each ; \$5.00 per doz.

Terminalis. 2½ inch pots, \$1.00 per doz. ; \$8.00 per 100.

3 " " 1.25 " 10.00 "

Farfugium Grande.

A fine lot of 2½ inch pots, \$1.50 per doz. ; \$12.00 per 100.

**Ficus Elastica.—Rubber Plant.**

6 " 18 to 24 " " 9.00 " 70.00 "

Ficus Elastica Variegata.

Good young plants in 4 inch pots, 50 cents each.

Fuchsia Triphylla Hybrida.

This splendid variety, though introduced several years ago, is still very little known, and is worthy a place in every collection. It is entirely distinct, and would hardly be recognized as a Fuchsia. The flowers are of an intense rich carmine, and while not large, are produced with great freedom, there frequently being from twenty-five to thirty flowers on a branch. 15 cts. each ; \$1 50 per dozen.

FUCHSIA TRIPHYLLA HYBRIDA.

NEPHROLEPIS CORDATA COMPACTA.

LASTREA ARISTATA VARIEGATA.

FINE FERNS.

Special and Scarce Varieties.

Adiantum Farleyense.

Nice young thrifty stock for growing on.

3 "	3.00 "		20.00 "	
4 "	5.00 "		40.00 "	

Adiantum Formosum.

An excellent variety to grow into specimen plants for decorative purposes. 2 in. pots, \$2.00 per doz. ; \$15.00 per 100.

Alsophila Australis.

This useful Tree Fern is always scarce ; we have this season an exceptionally fine lot.

2½ inch pots,	\$1.00	per doz. ;	\$8.00	per 100.
3 "	1.25 "		10.00 "	
4 "	2.00 "		15.00 "	

Cibotium Schiedeii.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, it being a variety that is always scarce and difficult to obtain. We have succeeded in growing a fine lot of this variety, and offer beautiful decorative plants of it. 6 inch pots, \$1.50 each.

Doryopteris Nobilis.

A beautiful variegated variety with large bold foliage. 3 inch pots, \$1.50 per doz. ; \$10.00 per 100.

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the sword ferns ; it is of free, strong growing, compact habit, attaining when fully grown a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2½ inch pots,	\$1.25	per doz. ;	\$10.00	per 100.
3 "	2.00 "		15.00 "	
4 "	2.50 "		20.00 "	
5 "	4.50 "		35.00 "	

Nephrolepis Exaltata Bostoniensis.

2½ inch pots,	\$8.00	per 100.
5 "	25.00 "	

Nephrolepis Davalleoides Furcans.

5 inch pots, \$4.50 per dozen ; \$35.00 per 100.

As usual, our stock of Ferns this season is again very large, about 500,000 being now in pots ready to send out, with more than double this quantity coming on in flats and seed beds.

Our collection has been especially selected with a view of offering only the very best for florists use, discarding all such as are only useful in a botanical collection.

We offer a thrifty lot of plants in 6 inch pots.

Alba, \$3.00 each. Rosea, \$1.50 each.

Maranta Massangeana.

A most useful dwarf growing variety, with pretty mottled foliage, very desirable for use in connection with ferns for filling fern pots, jardinières, etc.

3 inch pots, \$1.00 per doz.; \$8.00 per 100.

Musa Ensete.

(Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

Strong 5 inch pots, 50 cents each; \$5.00 per dozen.

Otaheite Orange.

We offer a fine lot of plants, nicely set, with small fruit, which promise very well. These should make fine saleable stock for the holidays.

Stephanotis Floribunda.

A nice lot of 3 inch pots, 30 cents each; \$3.00 per dozen.

Stigmaphyllon Ciliatum.

(Brazilian Golden or Orchid Vine.)

One of the prettiest tender climbing plants in cultivation, with large yellow butterfly-like flowers, resembling that showy orchid *Oncidium varicosum*. The flowers are produced very freely during the entire summer months. It is especially adapted for training over the pillars or on the walls of a conservatory, but will do equally well in the open air.

50 cents each.

PEPEROMIA MACULOSA.

—:Palms:—

Our Leading Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general Florist's trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Prices on some sizes, especially medium and large sized specimens, are somewhat higher than last season. This is due entirely to a scarcity of these particular sizes and not in anticipation of expected tariff legislation; but there is not the least doubt but that an increase in the present rate of duty will have a tendency to stiffen prices considerably in the Fall, and we would on this account strongly advise intending purchasers to procure their supply during the summer months.

Special Notice.—Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.
